Action Taken Report on Student's Feedback by the Institution

Academic Session 2018-2023

The Institution developed an online feedback system for all individuals involved in the Institute to provide input on the general academic achievement and atmosphere. The college has concurrently built a digital space for the collection of grievances and ideas from students, specifically pertaining to the curriculum and examinations. Students provide their evaluations regarding their individual departments, laboratories, library, teaching methods of teachers, administrative office, and other support services offered by the institution.

The feedback and suggestions provided by individuals are subsequently deliberated upon in the relevant Sub-Committee, and appropriate measures are made by the Head of the Institution.

The actions that are described below are carried out:

- In response to grievances and suggestions, HOI requests that teachers deploy more ICT-based teaching and learning strategies to enhance student engagement in the classroom.
- The library has been digitised, and the budgetary provision includes curricular-based provisions for the provision of additional books, such as reference and narrative and poetry books, as requested by students.

- For the sake of the students' convenience, the questions from the previous year have been posted to the website.
- The College ensures that students and staff have access to clean and pristine drinking water by conducting regular maintenance checks and utilizing water purifier.
- Accessible toilets are specifically tailored to enhance the comfort and convenience of individuals with physical disabilities. They incorporate additional features such as increased room and grab bars to facilitate the movement to and from the toilet seat.
- A new parking stand has been developed to accommodate the bicycles and bikes of students. Guard and canopy facilities have been implemented.
- Indoor games are set up for the girl's common room. Many of the students' innovative ideas are actively anchored in the college common room.
- Various departments organise field trips and excursions to provide students with a direct experience. The college provides financial assistance for this purpose.
- Increased social outreach initiatives are being implemented through sub committees, the National Service Scheme (NSS), and the National Cadet Corps (NCC).
- The computer labs are situated on the main floor of the college building and are well-equipped. Special electrification with UPS power support is available for all computers. Fire extinguisher equipment is also provided to address unforeseen circumstances.
