### 2.5.1 Mechanism of internal/ external assessment is transparent and the grievance redressal system is time- bound and efficient

#### Response:

Vivekananda Mahavidyalaya, Burdwan maintains an affiliation with the University of Burdwan and operates in accordance with the examination and evaluation regulations established by the University. The mission of Vivekananda Mahavidyalaya is to ensure that ongoing internal evaluations are equitable and transparent.

The University adhered to the annual system for BA/B.Sc. until the academic session of 2016-17. The college organized class and midterm examinations. Students were shown answer scripts. Parent-teacher conferences were scheduled in order to provide updates to parents regarding the academic progress of their children. CBCS was implemented by the university in 2017-18. 20% of the total grade is determined by internal evaluation, and the remaining 80% is determined by external examiners during the end-of-semester examination. The distribution for practical-based subjects is as follows: 20% for internal evaluation, 27% for practical, and 53% for external assessment.

The departments compute and communicate the monthly attendance figures to the students. In conversations with students who have low attendance, mentors offer advice and recommendations. The college administers internal and tutorial examinations in accordance with the guidelines set forth by the University of Burdwan. The internal evaluation is administered centrally, with departmental faculty members submitting grades; tutorial examinations adhere to the university's regulations and consist of term papers, projects, written assessments, group deliberations, presentations, and more. With the assistance of the Result Committee, each student's internal & practical grades are placed on the university-directed website.

In addition, periodic class examinations are organized by the departments to assess the progress of the students. Students are provided with answer scripts, and remedial

classes are designed to accommodate those who progress slowly. Vivekananda Mahavidyalaya has established a resilient mechanism to guarantee the transparency and efficacy of the continuous assessment process. The college maintains a distinct Examination Committee for each semester, which is responsible for overseeing the administration of both internal and university examinations and resolving any complaints pertaining to exams. All examinations, including those at the conclusion of the semester, were administered by the institution under the direction of the affiliating university throughout the pandemic. The examination committee effectively addressed every concern pertaining to examinations, attaching answer scripts, and other related matters. Sufficient accommodations are provided for students' attendance on academic reasons and engagement in extracurricular pursuits. Concerns regarding end-of-semester examinations at the university level are relayed from the college to the university administration. A student who is unsatisfied with his or her grades may, upon payment of the prescribed charge, request a review of his or her answer script whenever the university so requests. Students are granted photocopies of their answer sheets in violation of their Right to Information, and the university takes appropriate corrective action.
