Learning experience is very good

Excellent

Yes

My institution are good

The institute should take active interest in internships ,student exchange,field visit opportunities and also about placements available and the teachers should conduct their classes on a regular basis and should not leave half of the syllabus unattended.

Our teachers are always good. so , there is no need to give suggestions.

Our teachers are really good at teaching and I'm fully satisfied with it.

Our professors always help us to improve ourselves. They give their full effort and positive vibes .

Suggest more important questions..

No more suggestions needed .They are doing very well.

EXCELLENT

yes. it's course improve my knowledge and i have a better experience

No such issues

All good

I am very glad to have those respectful teachers and Mam's. They provide their 100 % attention to us .

My college classes and rules are very good and helpful.

Both students and teachers should help in teaching

NA

As there is no semester wise specific book , it will be great if our teachers specify books to read for a particular chapter/chapters.

The teaching learning process was good in our department (English). Teaching in our college is exceptionally good. They not only focus on the curriculum .

Teacher should take class timely following the routine and use ict tools while teaching

Providing more seminar which enhances our inner and outer knowledge.

Emphasis should be given on writting good answers.

I never knew i would choose Vivekananda College and ended up getting the best college ever by almost last minute decision. I never felt throughout the journey that I ever left school. The Discipline, Guardian meeting, Student-Professor interaction,Class test etc.is always there. And the most important Our English Department Professors. They are like Our Gods and Goddess in human form. They never felt like professors rather a Guardian figure. I really appreciate their Hard Work and their love towards their occupation.

I like everything very much. If possible, arrange more book sessions.

The teaching and non-teaching staff of our department are very helpful and friendly. Whenever we don't understand something, they explain it to us very politely.

I'm a student of English literature and cultural studies in my college. I've no hesitation in saying that the teachers of my department are very responsible and careful about the academic performance of their students. And as a student of this glorious department I'm really glad to say that the overall teaching learning experience is excellent.

Teaching -learning experience is very good.

Teaching-Learning is very good.

I would like to suggest that it could be better if the respected teachers pay focus on 2 & 5 marks questions and answers and also discuss with the students, so that we can comprehend,

how to write an precise and appropriate answer.

I observed that the department of English is very good. The teachers support us very much . The teachers completes the syllabus in time and the way of teaching is excellent.

the teacher are helpful and eymathy . The instrition of very well .

Over all good, not only good but also excellent. Actually we are in Hell for this CBCS system, but they are the one who tried to give their best to gain the Paradise,the ultimate degree-to be a HUMAN....for us.

Nathing

Provides extra notes-materials.

Our department is very good in covering the syllabus in time.The teachers are very Frank with us and they often take mock test so they can improve our writing skills.They are very relular in class.

I have not any opinion or suggestion about this matter, because I am satisfied on the overall teaching - learning experience in this institution.

- 1)More number of audio visual learning classes will make our learning more beautiful.
- 2)Number of hands on training program will increase our skill
- 3) Many instruments in our laboratory are non-functional and teachers are facing problem to do practical classes with this non functional instruments

teacher action always should be in students perspective for their right growth & development.

It is really very good.

Field work is necessary with my subject which help me for practical Knowledge.

Everything is good

very goog

I learn a lot

Teacher's should enter the college before 10:00 AM as some students came and see the department's door still locked . And be serious about studies and classes.

It will be improved very smoothly and nicely day by day

Digital teaching should be done more.

আরও উদ্যোগী হতে হবে

1. **Interactive Learning:** Encourage more interactive and participatory teaching methods, such as group discussions, case studies, and hands-on activities, to engage students actively in the learning process.
2. **Technology Integration:** Embrace technology to facilitate remote learning, provide online resources, and utilize digital tools for interactive sessions, fostering a blended learning environment.
3. **Feedback Mechanism:** Implement a robust feedback system for students to express their opinions on the teaching methods, content, and overall learning experience, enabling continuous improvement.
4. **Professional Development:** Invest in continuous professional development for faculty members to stay updated on the latest educational trends, teaching methodologies, and technologies.
5. **Diverse Learning Resources:** Ensure a diverse range of learning resources, including textbooks, multimedia content, and real-world examples, to cater to various learning styles and interests.
6. **Student-Centric Approach:** Focus on a student-centric approach by understanding individual learning needs, providing mentorship, and creating a supportive learning environment.
7. **Assessment Strategies:** Implement varied and innovative assessment methods to evaluate not just memorization but also critical thinking, problem-solving, and practical application of knowledge.
8. **Collaborative Projects:** Foster collaboration among students through group projects and interdisciplinary activities, promoting teamwork and a holistic understanding of subjects.
9. **Flexible Curriculum:** Offer flexibility in the curriculum to allow students to explore their interests, fostering a well-rounded education and enabling them to align their studies with career goals.
10. **Inclusive Practices:** Promote inclusivity by accommodating diverse learning styles, providing accessibility options, and addressing the needs of students with varying abilities.
11. **Regular Communication:** Maintain clear and consistent communication channels between faculty, students, and administration to address concerns promptly and keep everyone informed.
12. **Community Engagement:** Encourage community involvement and experiential learning opportunities, connecting classroom knowledge to real-world applications.
13. **Student Support Services:** Strengthen support services, including counseling, tutoring, and career guidance, to ensure students receive the assistance needed for academic and personal development.
14. **Environmental Factors:** Create conducive physical and virtual learning environments, ensuring classrooms are well-equipped, and online platforms are user-friendly.

15. Continuous Evaluation: Regularly assess the effectiveness of teaching methods and gather feedback from both students and faculty to adapt and refine educational practices continually.

Over all very good

Good learning

Our college is very good in terms of education.

In our college it is very good in terms of education.

Try to reach every student and ask for their doubts. ...

For learning new things and knowledge

I have no complain about teaching method

Online Mode

I don't know

Encouraging students to read popular works of celebrated authors during vacations.

Also letting students to have conversation in english once in a day and making it a routine

My institute is too good and very careful for our studies

Very Good

Overall okay

Sufficient Class teaching

Nice experience

No, I don't want to give any suggestions, if it was possible I transferred another college

All is good.

Thank you

I learn many more things in this Institute

provide a friendly classroom environment, embrace the different learning styles of their students, motivate them to work as a team, communicate with their parents.  
Try to reach Every Student and ask for their doubts.  
Make Teaching a two way interaction.

Try to reach every student and ask for their doubts.  
Make teaching a two way interaction.

Please Start Speacial Classes. With LCD projector

Our experience is too good.our teachers are very helpful for study's and they also help us

Provide extra notes meterial.

Yes I agree

Our college studies are very good. And the teachers are very good. They help us a lot in reading.

Time management

Very good

I don't think there is any need of suggestion.Quite well educated staff. All the staff members are hardworking. The college provides good opportunities to learn.

Everything is good.In my institution..our teachers always encourage us to participate in extra curricular activities so that we can maintain balance between study as well as in extra curricular activities.

It's very good and helpful

Total environment of our college is very good along our.. professor..lecturer & their guide help us to improve our study & our daily life also...

So...I can say proudly that I'm a student of Vivekanand Mahavidyalaya (Burdwan) student.

The nature of this institution is very good and the professors are very nice to us .

Teacher student relationship should be very good

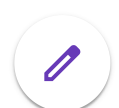

Very well

Very well

Everything is fine with teaching

What one or two specific changes/improvements would you recommend and why?

Ex students should be allowed to use the central library.

All Good.

The college infrastructure is a bit old. Government colleges like these should be remodeled.

There should be more practical work and also computer classes to teach students statical and analytics software packages. It would also be great to conduct college camping.

Not such recommendations, overall it was good

Improvement in Regularity

We need a active Alumni Association

No need to make any improvements

Lab facilities

update of result

Creation of alumni whatsapp group

Improve connection between students and also student with teachers.

More academic and cultural programmes for students and alumni

A parmanent room for English department should be arranged.

To my opinion, Administrative Affairs need some changes. In our course session, 2017-20, we faced problems regarding the long que in the campus for Examination form fill up, Admit card delivery and Marksheet delivery process. It is really hard to tackle a huge number of students single handedly through one single counter.

If the college will open more than 2-3 counters for the aforesaid affairs with sufficient man power, it would save the time of the students as well would be beneficial for the stuffs.

I never had any complain against my college and my department. Those Golden Days will always be missed. My department is like my family and my teachers have always guided like my parents. So, I would say "NO" to any changes.

Not need to mention.

Although the professors are too friendly and supportive to all of the students despite our quality of grades ....the one part I would suggest is improvement in the quality of classroom

we were allotted ....such that there would be no problem in projecting our studies through the medium of technology and projections

Organize well equipped way

Okk

Lecturers should give equal importance & attention to each and every students irrespective of their caste, social and financial status and also their personal relationship with the students. Some lecturers treats only those students well who took private tuition classes to him/her.

The Institution is good and the five professor of our English department are fantastic and the way they gave us lectures it's really awesome to understand for all medium students and they don't only dictate notes, they helped students to make notes by giving them proper study materials. And the most notable thing is our English Department has a strong bonding between students and professors for all semester, actually In one word our English Department is like family for all of students of this institution. So there's no internal change or improvement needed.

This is enough for us which you are provided.

No changes required. My college is always at it's best position 😊

More cleanliness is required in the college campus

1.Set up a permanent Reunion Committee to organise an annual reunion programme

Infrastructure should improve. Syllabus updation is needed. Labs should be cleaned and maintained.

No improvement requires

1) In free time (gap between two classes) the students get bored...the college can make an entertainment room where the students can play some indoor games.

2)And the college can make a gymnastic room like other colleges to take care about the physical activities of the students.

No such

I have nothing to say..

Thank you...

Connectivity

1)Identify and support struggling students.

Class

The aggressive nature of the members of college union should be controlled.

The condition of cycle stand was poor during our time. I don't know the present status. It could be improved if not already been done so.

Free cycle stand.. as many students from poor financial background come to study here.

Ragging free campus

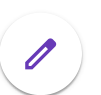

Nothing

1. Upgradation of microbiology laboratory infrastructure/ equipments, 2. Placement/ carrier counselling of students to either industry or academia

Overall we are satisfied

I am fully satisfied

The Classes should be Much More regular and consistent, recently since a few months it has come to my notice that a good number of classes are being cancelled that too without any earlier intimation because of which my child is facing much inconvenience, going to the Institution and learning that the classes are cancelled and has to return without being able to attend any class losing precious studytime and energy. So the Classes need to be regular and consistent or else it will weaken the education posing as a threat to completion of course syllabus. Recently the official procedures such as the form fill ups are taking a lot of time than it used take in the earlier semesters, last time my child was standing in queue for more than 2 hours even though the queue was not so long , the official staffs must update themselves and make the execution process faster thus reducing the waiting time for the students.

OVERALL VERY GOOD AND SATISFACTORY

Total environment of this college is very good .. professor..lecturer & their guide help my daughter to improve her study & her daily life also...  
So...I can say proudly that my daughter is a student of Vivekanand Mahavidyalaya ( purba Burdwan)

Infrastructure should be better.

Overall the all teaching methods is very good

Teaching method is good

Good

Parents and teachers meeting arrange atleast quarterly.

Nice atmosphere for teaching and learning

Authority should consult (some times they can) all the stakeholders, specially seniors about the development of teaching learning process, development of academic environment, improving infrastructure etc.

Run smoothly

Nil

Runs smoothly

No

College maintains status quo. No innovative decision has been taken or done last few years. College needs to update herself to the need of contemporary students.

Good experience

Good academic atmosphere

The academic environment of our college is very good and we always enjoy peaceful and friendly relation with our colleagues, students and non-teaching staff of our college as a family.

Every students and teachers would have benefited if the department had library facilities.

The college environment is ideal for learning.

The faculty-student relationship of the college is very good. The college is progressing with the combined efforts of the principal, teaching and non-teaching staff of the college. As the majority of students in our college come from rural areas and economically backward areas, the teachers have to take more responsibility. Hopefully, under the worthy leadership of the Principal Sir, the college will continue to improve.

1. The Educational & Ethical quotations must be written on the inside walls in our College Coridors.

2.The Academic meeting with all Teachers may be organized in every six months.

Good experience

College should focus not only the administrative part but also focus on the holistic development of the students as well as the teachers. College can serve the society in a better way by utilising its limited resources.

Environment

The college authorities give enough space for teaching learning methods

Healthy work environment.

Peaceful and harmonious place to study.

Good academic environment and healthy relationship between colleagues.

..

I think college fund should be increase for educational excursion and seminars and also emphasize to collect reference book and other related materials, we need departmental library.

Our college's staffs are always available for their help and support and the students are well cooperated.

1. Must have well maintained staff quaters
2. Must have Working Canteen
3. Include more subjects with future relevance

Very good college

I am fully satisfied to the college activities in my daily schedule.

Care should be taken towards the regular presence of students in the classrooms.

Good environment for education, happy to be a part of this institution.

Internal environment of this college is very much perfect, peaceful. Bondings between staffs are quite strong. Motivation should be provided to the teachers for their researches and abroad studies.

Excellent

College has good environment to teach our students. College has separate department in different subject , its a great oppportunity of the teacher for self study . Our College has a good library with number of books ,both honours and general courses. Library has QR code for easy access of all faculties and the students.

CBCS syllabus is good but need some improvement in context of practical based subject like chemistry

There is ample scope to improve the syllabus. Syllabus is condensed in last two semester.

Content of the Syllabus is effective for the students.

The curriculum is no doubt designed to cater the students in an multidisciplinary outlook keeping a perfect balance between knowledge and depth of the core subject. Additionally the syllabus is modernised to the extent possible. But since the evaluation process eats away a sizable amount of time in a particular academic year there remains hardly any scope for elaborative teaching-learning exercise for a clearer concept delivery.

Some extent large in respect of total class days

Very Good Syllabus

Overall good.

The syllabus is good enough for the students.

The ongoing syllabus is quite effective for regular students.
