From the Principal's Desk

Welcome to the corridors of Vivekananda Mahavidyalaya, Burdwan, an educational institution named after Swami Vivekananda about whom Rabindranath Tagore said "Everything is positive & nothing is negative".

The college firmly believes that excellence of institutions of higher education is a function of many aspects of which self-evaluation and self improvement are important.

It is one of the premier institutions in West Bengal established on 26th August, 1964 as Govt. Sponsored College and has gradually occupied a glorious position in the field of higher education in West Bengal through its very successful students placed in responsible positions in society in various fields of activity today.

The mission of our institution is to provide quality education in maintaining a healthy and disciplined academic atmosphere. The college has a dedicated and sincere faculty for whom the academic interest of the students are of utmost importance and can boast of consistently excellent results in the University examinations. By the end of their college life students are equipped with inner strength and confidence to face society in general and the world of higher learning in particular, to become a complete man or women.

My heartiest congratulation go to the hon'ble members of the Governing Body, the teachers, the non-teaching staff, the students, their guardians and all corners of the society for maintaining an ideal and peaceful academic atmosphere in the institution.

Lastly I hope that we will overcome the pandemic situation due to COVID-19 and everything will be as before.

Dr. Sibaprasad Rudra

Principal

Vivekananda Mahavidyalaya, Burdwan

Our College: A Look Back

On the eve of Swami Vivekananda's birth centenary in 1963, the then District Magistrate of Burdwan Mr. K.P.S. Menon, Chairman of Zila Parishad, Mr. Narayan Chowdhuri and other honourable citizens of Burdwan took initiatives to establish a new college in Burdwan town. Burdwan Municipality gifted a large chunk of land in the name of proposed college in Sarshe Danga Mauza, Near Sadarghat. Mr. Prafulla Chandra Sen, the then Chief Minister of West Bengal, laid the foundation stone for the proposed Vivekananda Mahavidyalaya at the spot on 8th March, 1964. On 23rd March of the same year a provisional committee was formed with the District Magistrate Mr. K.P.S. Menon, as President, Dr. Sailendranath Mukhopadhyay, the renowned physician, as the Vice President, and Chief Engineer of Burdwan Zila Parishad. Mr. Prafulla Kumar Paul, was appointed Secretary to the committee. Meantime a number of illustrious educationists came forward to raise a fund of nearly two lakh Rupees for the college. Set in peaceful surroundings away from the hubbub of the town, the college offers an ideal atmosphere for pursuing higher studies in the major Arts and Science subjects. In 1964 the college was accorded the Govt. Affiliation as a Govt. Sponsored College. On 26th August 1964, the college was inaugurated formally. The Chief Guest of the inauguration ceremony was the then Director of Education, Govt. of West Bengal, Dr. Dharendra Mohan Sen.

Setting out in a rather unceremonious way, the college has gradually occupied a glorious position in the field of higher education in West Bengal. Over time the college has grown both in stature and structure. Recently three buildings have been constructed to accommodate the growing number of students. Post Graduate Degree in Chemistry, 4 years undergraduate Honours with Research (Chemistry only), 4 years undergraduate programme with Honours and 3 years undergraduate programme with one major specific subject have been introduced. The college has not merely catered to the needs of students in Burdwan and its hinterland, but it has also been successful in maintaining a healthy, disciplined academic atmosphere for purposeful education.

The Governing Body, the teachers, the non-teaching staff and the students work in tandem to build up an ideal environment in the field of higher study and research. Vivekananda Mahavidyalaya is not just one of the many colleges; it stands aloft and apart in glory in its academic achievements through its very successful students placed in responsible positions in society in various fields of activity today

Courses Study

1. **PG in Chemistry**

In view of the huge demand of competent chemists to cater to the needs of the academia and industry specially the fields of newer branches of chemistry such as material science and nanotechnology, supramolecular chemistry, green chemistry as well as the conventional branches, there has been an earnest effort of knowledge explosion all over the world. The Chemistry department of this college has earned its reputation in producing high quality students for years together for its undergraduate teaching and to keep in pace with growing global need of modern chemists, our post graduate department in chemistry was launched in 2005. It has been our greatest pride that Vivekananda Mahavidyalaya, Burdwan is the first constituent college under the University of Burdwan to be granted affiliation for running a PG course in Chemistry and our performance has been outstanding in terms of academic achievements. In the first batch of PG students in 2007, 13 have secured first class out of 14 appeared, with the highest score being 77.5%. The similar trends in results were maintained in the following years. Almost every appeared student in PG final examination secured first class and passed out with high score in the succeeding years.

Some remarkable academic achievements of our students are entailed in the following instances, our UG students have occupied first class first position in the B. Sc. Honours, University examination for consecutive five years. Same trend was also maintained in the Post graduate study in BU, where our ex-students secured first class first position in three consecutive years. Around 56 students have qualified in the IIT entrance Test (JAM), 68 UG students and about 34 PG students have qualified NET, 2 UG students in TIFR, 10 students in BARC with several other UG and PG students are actively engaged in higher studies and research in different Universities and institutes of repute like IACS (Kolkata), IIT (Kanpur, Chennai, Kharagpur, Mumbai, Guwahati), IISC (Bangalore), JNCASR (Bangalore), IISER (Kolkata), SINP (Kolkata), and several Universities including JU, KU and BU within last 10 years.

Almost all the faculty members of our department are actively engaged in research of different fields of study.

COURSES FROM OTHER DISCIPLINES (Multi/Interdisciplinary)

Students can choose their multi/Interdisciplinary course from any one subject/discipline other than major and minor subject/discipline which is already chosen by students from the following sub-categories or subjects.

✓ Natural and Physical Sciences:

Botany, Zoology, Microbiology, Chemistry, Physics, Geography

Mathematics, Statistics, Computer Science and Computer Applications:

Courses under this category will facilitate the students to use and apply tools and techniques in their major and minor disciplines. The course may include training in programming software like: Mathematics, Statistics

✓ Languages, Humanities and Social Sciences:

Bengali, English, Sanskrit, Mass Communication and Journalism, Economics, Geography, History, Political Science

✓ Library, Information, and Media Sciences:

Courses from this category will help the students to understand the recent developments in information and media science. Courses include: Mass Communication & Journalism

✓ Ability Enhancement Courses (AEC):

- * Modern Indian Language (MIL): Course include- Bengali
- * English

✓ Skills Enhancement Courses (SEC):

These courses are aimed at imparting practical skills, hands-on training, soft skills etc., to enhance the employability of students. The institution designs the course with respect to allied major subjects for enhancing the student's employability.

✓ Common Value Added (CVA):

Common to All UG Students: The students will choose the course in this Category as per the syllabus of BU and availability of our institution from the following category as given below.

- **Understanding India**
- **Environmental Science / Education**
- **Digital and technological solutions**
- **Health & Wellness, Yoga Education, Sports and fitness**

✓ **Summer Internship /Apprenticeship:**

Community engagement and service, Field-based learning/Minor Project.

A key aspect of the new UG programme is induction into actual work situations. All students will also undergo internships /Apprenticeships in a firm, industry, or organization or Training in labs with faculty and researchers in their own or other HEIs/research institutions during the summer term. Students will be provided with opportunities for internships with local industry, business organizations, health and allied areas, local governments (such as panchayats, municipalities), Parliament or elected representatives, media organizations, artists, crafts persons, and a wide variety of organizations so that students may actively engage with the practical side of their learning and, as a by-product, further improve their employability. Students who wish to exit after the first two semesters will undergo a 4-credit work based learning/internship during the summer term in order to get a UG Certificate.

✓ **Community engagement and service:**

The curricular component of ‘community engagement and service’ seeks to expose students to the socio-economic issues in society so that the theoretical learning can be supplemented by actual life experiences to generate solutions to real-life problems. This can be part of summer term activity or part of a major or minor course depending upon the major discipline.

✓ **Field-based learning/minor project:**

The field-based learning/minor project will attempt to provide opportunities for students to understand the different socioeconomic contexts. It will aim at giving students exposure to development-related issues in rural and urban settings. It will provide opportunities for students to observe situations in rural and urban contexts, and to observe and study actual field situations regarding issues related to socio-economic development. Students will be given opportunities to gain a first-hand understanding of the policies, regulations, organizational structures, processes, and programmes that guide the development process. They would have the opportunity to gain an understanding of the complex socio-economic problems in the community, and innovative practices required to generate solutions to the identified problems. This may be a summer term project or part of a major or minor course depending on the subject of study.

FREE MEDICAL UNIT:

Vivekananda Mahavidyalaya, Burdwan, is one of the very few colleges in India to provide free medical assistance to its students and staff. A panel of reputed doctors provides free medical advice on production of a medical card supplied to the students and staff.

HEALTH CARE SYSTEM:

College has initiated a health care system for the students & staff. Various health related programmes like Thalassemia detection, blood grouping, blood donation, psychological counseling etc. are done throughout the year. A fund is being raised for contingency expense in case of immediate health problems, casualty of students and staff of the college during college hours. There is arrangement to refer students and staff to a number of doctors of this town, in consultation with the parents/ guardian

if they suffer from any chronic ailments. For this students may contact G.S., Chhatra Samsad/Principal/Heads of the Department/any members of Health Care Committee for help.

STUDENTS' PLACEMENT AND COUNSELLING:

Vivekananda Mahavidyalaya has the distinction of having a Students Placement and Counselling Cell, which runs throughout the year for the benefit of the students. Relevant information regarding admission to different institutes of higher education and institutes of excellence are passed on to our students from time to time for their benefit. Career counseling sessions are organized and students are kept thoroughly updated with information relating to career advancement and opportunities in, different fields of students.

GIRLS' HOSTEL:

A Girls' hostel has been built with the UGC special Grant and College Development fund. This new hostel will enable girl students from distant places to pursue their studies in this institution, an opportunity which many desiring candidates have so long missed because of this infrastructure related inadequacy. The Girls' Hostel, named after Madame Curie, is the newest feather in our cap. Another hostel named Ashapurna Devi Girls' Hostel has been completed with the aid of U.G.C. funds. Nearly 200 accommodations are available.

QUALITY ASSURANCE CELL:

It has become mandatory for colleges accredited by NAAC to open up a Quality assurance Cell which will monitor the steady growth of academic and administrative functioning of the college. As per specification of NACC, IQAC has been formed in our college and renowned personalities in different fields of activities have readily accepted our invitation to act as Members of our IQAC.

INTERNAL QUALITY ASSURANCE CELL:

In order to ensure the day to day monitoring of the implementations of the guidelines framed by IQAC and IQAC has been formed.

COLLEGE EXAMINATION

From the year 2002, a mid-term evaluation system has been introduced in our college to regularly assess the standard of study of our students. The time schedule for this mid-term test is generally last week of November, each year. This is followed by Test Examination in the last week of January or first week of February, each year.

The above noted schedule may be subject to change due to unavoidable circumstances. Students are not permitted to sit for the examinations, if their attendance in classes remains below 50%. If any student fails in the Test Examinations, or remains absent he/she will not be promoted.

STUDENTS' COUNCIL:

All the regular students having at least 60% attendance are the general members of the students' council. Election of the Students' Council will be conducted regularly once in every two years as may be advised by the State Govt. from time to time. Students' Council of the college shall not use any banner or emblem of any political party in any manner during election or campaigning. The President of the Students' Council shall be nominated by the Principal/Vice-Principal/ TIC of the college concerned from amongst the teachers of the college. Vice President shall be nominated from amongst the teachers by the Teachers' Council. The class representatives are elected from the general members. These elected class representatives elect the portfolio holders like General Secretary, Assistant General Secretary and other departmental secretaries.

AIMS OF STUDENTS' COUNCIL

-  To build a healthy and ideal atmosphere for study To solve the problems of the students.
-  To build up an atmosphere of cordial relation between the teachers, non-teaching staff and the students.
-  To create an environment of healthy competition among the students through cultural and sports competitions.
-  To arrange cultural programmes and other campus activities.
-  To make the students science-oriented by arranging science seminars.
-  To arrange for the study of needy and meritorious students by financial assistance.

Students' Union's magazine 'Chorus' is published annually with a collection of writings of the students, teachers, non-teaching staff, ex-students and reputed persons. The wall magazine, also named 'Chorus', is published regularly at an interval of three months.

DISCIPLINE:

The fame of a college mainly depends upon the behavior of the students. Each registered students of the college must to abide by the internal rules and regulations of the college. Even outside the college, in

time of an excursion or, in the field of sports competition, the students are bound to abide by the rules regulations properly. Each and every student has to take care of his/her dress which must be clean and presentable. The students must behave according to socially accepted norms of decency.

NATIONAL SERVICE SCHEME

श्री श्री योगी बलरामभद्राचार्य जी महाराज
One infinite mind-body - beyond thought
beyond qualities - I know down to this

श्री श्री योगी बलरामभद्राचार्य जी महाराज

- “The moment I have realized God is sitting in the temple of every human body, the moment I stand in reverence before every human being and see God in him that moment I am free from bondage, everything that binds vanishes, and I am free.”
- “Strength is Life
Weakness is Death”
- “You have to grow from the inside out. None can teach you, none can make you spiritual. There is no other teacher but your own soul.”

श्री श्री योगी बलरामभद्राचार्य जी महाराज
